Adler : The Great Ideas: A Lexicon of Western Thought** i use a method i learned when i was 14 in western civilization class cataloguing ideas on index cards in shoe boxes this webpage is for dr wheelers literature students and it offers introductory survey information concerning the literature of classical china classical rome The Great Ideas: A Lexicon of Western Thought:

12 of 12 review helpful The great collection of the Great Ideas By Lionel D Youst In 1955 my sister sold me her unread set of Great Books of the Western World and I carried them around all the places I lived until I turned them over to my son about ten years ago I missed having easy access to Mortimer J Adler s astonishingly clear essays on the 101 great ideas that he had divided all human knowledge into and that s w Forty five years ago Mortimer Adler sat down at a manual typewriter with a list of authors and a pyramid of books Beginning with Angel and ending with

World he set out to write 102 essays featuring the ideas that have collectively defined Western thought for more than twenty five hundred years The essays originally published in the Syntopicon were and remain the centerpiece of Encyclopaedia Britannica s Great Books of the Western World The Excerpt copy Reprinted by permission All rights reserved Chapter 1 Angel INTRODUCTION Influenced by a long tradition of religious symbolism in painting and poetry our imagination responds to the word angel by picturing a winged figure
