**By Roger Scruton : Modern Philosophy: An Introduction and Survey** introduction to philosophy from the university of edinburgh this course will introduce you to some of the main areas of research in contemporary philosophy each introduction philosophy of education educational philosophy teaching philosophy my dear children i rejoice to see you before me today happy youth of a Modern Philosophy: An Introduction and Survey:

2 of 2 review helpful A very good solid introduction to Philosophy Highly recommended By Sammy of NYC Solid introduction but some sections and the way the subject matter is described is somewhat convoluted Perhaps this is true of all introduction books since it will always will be almost impossible to precisely understand what philosophers that lived a long time ago originally really meant to say precisely unless you Philosopher Roger Scruton offers a wide ranging perspective on philosophy from logic to aesthetics written in a lively and engaging way that is sure to stimulate debate Rather than producing a survey of an academic discipline Scruton reclaims philosophy for worldly concerns About the Author Roger Scruton is the author of a number of books including Modern Philosophy and A Short History of Philosophy Formerly Professor of Aesthetics at Birkbeck College London University and a visiting professor at Boston University
