From Oxford University Press : Epictetus: Discourses, Book 1 (Clarendon Later Ancient Philosophers)

description of the system of ethics popular in ancient greece which has physics as its foundation biographical sources much of what we know about pythagorass life comes from neoplatonist writers these writers believed in the greek gods so many myths exist Epictetus: Discourses, Book 1 (Clarendon Later Ancient Philosophers):

The Discourses are a key source for ancient Stoicism one of the richest and most influential schools of thought in Western philosophy They not only represent the Stoicism of Epictetus own time but also reflect the teachings of such early Stoics as Zeno and Chrysippus whose writings are largely lost The first of the four books of the Discourses is philosophically the richest it focuses primarily on ethics and moral psychology but also touches on issues of from previous edition Thanks to Dobbin s sensitive translation and intelligent commentary Epictetus is now more open to serious philosophical study than perhaps at any time since Simplicius wrote his commentary on the Handbook The Philosophical
