From Oxford University Press : Does Anything Really Matter?: Essays on Parfit on Objectivity ethical subjectivism or skepticism in one form or another has dominated moral philosophy for the past eighty years in on what matters derek parfit rejects all does anything really matter has 5 ratings and 3 reviews dan said derek parfits massive work on what matters generated great interest due to the p Does Anything Really Matter?: Essays on Parfit on

Objectivity:

0 of 2 review helpful I think not that is I think that nothing really By Charles Pigden I think not that is I think that nothing really matters in Parfit s sense but these are issues I need to address In the first two volumes of On What Matters Derek Parfit argues that there are objective moral truths and other normative truths about what we have reasons to believe and to want and to do He thus challenges a view of the role of reason in action that can be traced back to David Hume and is widely assumed to be correct not only by philosophers but also by economists In defending his view Parfit argues that if there are no objective normative truths nihi Authorative collection Kieran Setiya Times Literary Supplement About the Author Peter Singer Princeton University University of Melbourne Peter Singer is Ira W DeCamp Professor of Bioethics in the Univer
