20 of 21 review helpful Horrible copy for an academic text By cbrice An OCR copy should not be the first copy to come up on s site I ordered this because I was ordering roughly 30 academic texts and did not have the time to pour through each description There is absolutely no formatting no table of contents no index and the footnotes are muddled for the most part Considering that this is already a difficult work in Ge Hegel wrote this classic as an introduction to a series of lectures on the philosophy of history mdash a novel concept in the early nineteenth century With this work he created the history of philosophy as a scientific study He reveals philosophical theory as neither an accident nor an artificial construct but as an exemplar of its age fashioned by its antecedents and contemporary circumstances and serving as a model for the future The author himself appe From the Back Cover Here is one volume is an important series of the lectures of philosopher Georg Hegel on the philosophy of history including Original History Reflective History Philosophical History Reason Governs the World Essentia
