By James Warren, Steven Gerrard : Presocratics: Natural Philosophers before Socrates (Ancient Philosophies)

a painless introduction this is a short book about pre socratic philosophers for people who care more about the central questions of philosophy themselves what heraclitus by johannes moreelse the image depicts him as quot;the weeping philosopherquot; wringing his hands over the world and as quot;the obscurequot; dressed in dark clothing Presocratics: Natural Philosophers before Socrates (Ancient Philosophies):

1 of 1 review helpful Taking it back to the basics By Cornell Getting back to the basics that came from ancient Greece This book is an excellent introduction to a time where I wish I could have experienced first hand The Presocratics is where a certain type of intellectualism took a turn for the better These men helped started it all and some of the names might not be very familiar to you but once you real The earliest phase of philosophy in Europe saw the beginnings of cosmology and rational theology metaphysics epistemology and ethical and political theory It also saw the development of a wide range of radical and challenging ideas from Thales claim that magnets have souls and Parmenides account of one unchanging existence to the development of an atomist theory of the physical world This general account of the Presocratics introduces the major Greek philoso An excellent book and a pleasure to read Readers are encouraged to engage with the judiciously chosen material and Warren makes the Presocratics stimulating and exciting An ideal book for an undergraduate class Stephen Makin University of Sheffield
