By Michael L. Morgan : The Cambridge Introduction to Emmanuel Levinas martin heidegger h a d r d r ;
german matin had; 26 september 1889 26 may 1976 was a german philosopher and a autonomy autonomy is an
individuals capacity for self determination or self governance beyond that it is a much contested concept that comes up

in a number of The Cambridge Introduction to Emmanuel Levinas:

0 of 0 review helpful like philosophers such as Hegel By Mellow Shade This is a helpful introduction for those who are completely new to Levinas and want to know basic topics However in my experience it was not enough to bridge the gap to help me read Levinas s primary sources For Levinas like philosophers such as Hegel you may often require a deeper explanation from secondary sources to understand him fully Unfortun This book provides a clear and helpful overview of the thought of Emmanuel Levinas one of the most significant and interesting philosophers of the late twentieth century Michael L Morgan presents an overall interpretation of Levinas s central principle that human existence is fundamentally ethical and that its ethical character is grounded in our face to face relationships with other people He explores the religious cultural and political implications of this insig Morgan has written a useful and accessible introduction to the famously obtuse philosophy of Levinas a needed service book one that presents a summary of Levinas s views in a readable and interesting manner Jewish Book World
