6 of 6 review helpful A Vision Spanning Two Centuries By Barry N Bishop Professor Stengers book is arguably as difficult to read as reading Whitehead himself and it probably is not a good introduction for the uninitiated to this very important Twentieth Century philosopher Her language often is quite difficult to follow possibly an artifact of the translation from the French and her task is not to explain Whitehead s In Thinking with Whitehead Isabelle Stengers one of today s leading philosophers of science goes straight to the beating heart of Whitehead s thought Both an erudite yet accessible introduction and a highly advanced commentary it establishes the mathematician philosopher as a daring thinker on par with Deleuze Guattari and Foucault About the Author Isabelle Stengers teaches philosophy of science at the Free University of Brussels Bruno Latour is Professor at Sciences Po Paris and the 2013 winner of the Ludvig Holberg International Memorial Prize
