By Humphrey B. Neill : The Art of Contrary Thinking art encourages creative thinking dr lawrence katz is an internationally recognized pioneer in neuron regeneration research and author of keep your brain alive 83 how to improve your thinking skills ajan raghunathan quot;the whole of science is nothing more than a refinement of

everyday thinkingquot; albert einstein The Art of Contrary Thinking:

0 of 0 review helpful Disappointing By Customer This book is a collection of news letters and articles the author wrote over the 1950s and early 1960s Most are relating to world and domestic economics and politics To me this book was seldom interesting and I had to force myself to finish reading it The best part of it is the very last chapter written by Samuel Pettengill I can t say that I learned anything significant Invest successfully Live fruitfully Humphrey B Neill America s 1 contrarian helps get your thinking out of a rut and gives the rules for winning especially when investing About the Author Years of observation and analysis of economic trends from the vantage point of Wall Street did not rub his Vermont heritage out of his face or speech or heart Since 1828 generations of Neills have occupied their homestead in Saxtons River V
