10 of 10 review helpful What is wrong with people Excellent edition of a classic text in philosophy By Aphex343 The translation is wonderful and the additional introduction by the translator and selections from Hegel s Philosophy of Right are a nice bonus Whether or not you agree with Hegel s ideas they are rather unconventional which makes them all the more interesting the text is likely the most straightforward of eminently readable admirably picks up the spirit of what Hegel is saying more readable and accurate than Hartmann s and it trans shy lates a more readable text than does Nisbet s It includes as Hartmann s does not an excerpt which serves as chapter five from The Geo shy graphical Basis of History particularly interesting for what it says of America and a brief chapter six entitled The Division of History The volume closes with an as felicitous as a translation of Hegel can be H S Harris York University
