By Gaston Bachelard : The Poetics of Space derived from latin limen meaning threshold liminal refers to a transitory in between state or space which is characterized by indeterminacy ambiguity calling myself a digital poet is

both bizarre and wondrous i buildbirth all manner of strange interactive creatures where the user reader becomes player and co author The Poetics of Space:

3 of 3 review helpful A heavy mind expanding adventure By George B into an expanded concept and exploration of Space It is helping me in my desire to increase my awareness of my world and to learn that the space within a goldfish bowl is as fascinating as looking through a microscope or a telescope or perhaps really looking out a window into the vista beyond 0 of 0 review helpful F Thirty years since its first publication in English French philosopher Gaston Bachelard s The Poetics of Space one of the most appealing and lyrical explorations of home Bachelard takes us on a journey from cellar to attic to show how our perceptions of houses and other shelters shape our thoughts memories and dreams com This is a deep magical densely captivating book about space our homes how we live in them and how dwellings and space affect us it is as much a book of philosophy as a work of serious literature It requires careful preferably leisurely reading wi
