By Richard J. Regan : Just War, Second Edition: Principles and Cases that we should seek to equate clausewitz with belief in three levels of war is curious as is the way in which we assert that he distinguished between them war is

a state of armed conflict between societies it is generally characterized by extreme aggression destruction and mortality using regular or irregular Just War, Second Edition: Principles and Cases:

0 of 2 review helpful Didn't hate didn't love it By Huston Green Honestly the entire book could have been shortened to less than half its size and would not have lost anything The book is extremely repetitive and borderline boring That being said the Just War Theory it is explaining is interesting idealistic and near impossible but interesting nonetheless 20 of 20 review helpful Just Bringing just war doctrine to life Richard J Regan raises a host of difficult questions about the evils of war asking first and foremost whether war is ever justified and if so for what purposes Regan considers the basic principles of just war theory and applies those principles to historical and ongoing conflicts through case studies and discussion questions His well received 1996 work is updated with the addition of case studies on Iraq Afghanistan Libya Idquo Just War Principles and Cases is clear concise and cogently argued It belongs in the libraries of legislators and military men alike anyone however remotely involved in deciding when a nation should go to war Regan carefully considers all sides
