global design firm directory and a database of job and project openings My View of the World:

A Nobel prize winner a great man and a great scientist Erwin Sebrodinger has made his mark in physics but his eye scans a far wider horizon here are two stimulating and discursive essays which summarize his philosophical views on the nature of the world Schrodinger s world view derived from the Indian writings of the Vedanta is that there is only a single consciousness of which we are all different aspects He admits that this view is mystical and metaphysical and
