1 part 2 quot;our immortality or our extinctionquot; when artificial intelligence gets superintelligent its either going to be a dream or a nightmare for us After Finitude: An Essay on the Necessity of Contingency:

0 of 0 review helpful Great example of modern philosophy bridging the realist antirealist divide By Matthew Rapaport Meillassoux s writing reminds me much of other top tier philosophers of the present day like E J Lowe recently passed away David Chalmers and a few others Not in what he says of course his starting points and subject are different but stylistically carefully crafting his arguments and at each point st From the preface by Alain Badiou It is no exaggeration to say that Quentin Meillassoux has opened up a new path in the history of philosophy understood here as the history of what it is to know This remarkable critique of critique is introduced here without embellishment cutting straight to the heart of the matter in a particularly clear and logical manner It allows the destiny of thought to be the absolute once more This work i Rarely do we encounter a book which not only meets the highest standards of thinking but sets up itself new standards transforming the entire field into which it intervenes Quentin Meillassoux does exactly this Slavoj Zizek
