0 of 0 review helpful and a researcher needs to have a good idea of what and where they are By Joseph Uphoff
References are essential to any research project and a researcher needs to have a good idea of what and where they are
This work attempts to provide such a guide As such I will highlight what is in each section with a few examples of
note The authors begin by defining the ancient world chronologically fro The archaeological study of the ancient
world has become increasingly popular in recent years A Research Guide to the Ancient World Print and Electronic
Sources is a partially annotated bibliography The study of the ancient world is usually although not exclusively
considered a branch of the humanities including archaeology art history languages literature philosophy and related
cultural discipl The study of the ancient Mediterranean Egypt and the Near East continues to be a mainstay of Western
education generating a large volume of scholarship This guide by Weeks and Medeiros focuses on the monographs
books journals and electronic
