0 of 0 review helpful Nondual all the way By Eric Hinz I got this on a recommendation and it is excellent A bit heavy and still getting through it but readable and eye opening 32 of 34 review helpful A very important book By A Max K  
ouml nig I find this book truly amazing and I hope it receives all the attention it deserves The term nonduality is mentioned again a Many Western philosophers are poorly informed about the issues involved in nonduality since this topic is usually associated with various kinds of absolute idealism in the West or mystical traditions in the East Increasingly however this topic is finding its way into Western philosophical debates In this scholarly but leisurely and very readable Spectrum Review analysis of the philosophies of nondualism of Hindu Vedanta Mahayana Buddhism and Taoism Loy ext An important book tackling one of the central patterns of Asian thinking mdash Religious Studies A valuable book on a topic that is essential to understanding the most important systems of Eastern thought mdash Buddhist Christian Studies
